### Postpone Your Funeral

God made people to live—not to die. YOU ARE KILLING YOURSELF unless you are helping Nature by giving her material to build every part of your body new as fast as the old wears out. You know that's true. You can live on and on for years, strong and vigorous, enjoying life in its fullness, by keeping your body in perfect repair.

### NU-TRI-OLA

will keep you well if you are well. It will make you well if you are sick, for Nutriola and Nature are life preservers and disease destroyers. Disease cannot enter a perfectly healthy body. Nature kills and ejects every invading "germ." NUTRIOLA contains Nature's creative power—the only invincible conqueror of disease—the only doctor that cures. Cost us \$50,000.00 to learn how to make NUTRIOLA. Now we cure or no pay. Give a guarantee backed by \$500,000.00 capital. Could you ask more?

Is Perfect Health Worth 8 Cents a Day to You?

You can have it at that price. 25 days' treatment \$2, and your money back if not absolutely satisfied. Read this story:

"I am now 76. For over 20 years I suffered with Catarrh, Dyspepsia, Rheumatism, and Kidney Trouble. Every thing I ate distressed me. I had to walk with 2 canes and, as a climax, Grippes brought me VERY NEAR TO DEATH. I began taking NUTRIOLA and it not only made me PERFECTLY WELL, but I FELT MORE VIGOROUS THAN I DID AT 50 years."

## WARMLY WELCOMED

PRESIDENT ROOSEVELT MEETS WITH A CONTINUOUS OVERTON IN THE SOUTH.

VISITS THE FAIR AT RALEIGH

DELIVERS AN ADDRESS THAT IS HEARTILY APPLAUDED BY A LARGE AUDIENCE.

Charlotte, N. C., Oct. 20.—The ovation which President Roosevelt received during his journey through a portion of Virginia Wednesday was continued Thursday as he traveled through North Carolina. Beginning with his arrival at Raleigh at 9 a. m. he was greeted by cheering crowds at Durham, Greensboro, Lexington and Salisbury, the demonstration in this city being a fitting farewell of the citizens of the old Tarheel state.

The feature of the day was the president's visit to the fair, which is in progress at Raleigh. Here he delivered an address which dealt with the important questions of railway ownership and the organization of capital and labor. His speech was given close attention and he frequently was interrupted by hearty applause. He was accompanied to the fair grounds by Mrs. Roosevelt and she, too, was the recipient of much attention.

The president's train arrived here over the Southern railway at 7:10 o'clock, on schedule time, and during the thirty minutes of his stay here he received from 25,000 people a reception of the most enthusiastic character. At Vance park he spoke for fifteen minutes, although he had intended to speak but ten. The crowd was so great that fully 10,000 were denied the privilege of hearing him. He created the wildest enthusiasm by referring to the Mecklenburg declaration of independence, to Mrs. T. J. Jackson, widow of General Stonewall Jackson, and Lieutenant William E. Shipp, a monument of whom he passed en route to the park.

Meeting With Mrs. Jackson.

The feature of his visit was his meeting with the widow of the great Confederate leader. Mrs. Jackson lives within a stone's throw of the station and when the train pulled in she was present as the head of a committee of ladies appointed by Mayor McIninch to receive Mrs. Roosevelt. When the president was introduced he shook her hand and remained talking for fully five minutes.

"Mrs. Jackson, you do not know how glad I am to meet you. What the widow of the great Stonewall Jackson! Why, it is worth the whole trip down here to have a chance to shake your hand."

He praised her grandson, Jackson Christian, whom he appointed to a cadetship at West Point. At Durham, where a stop of about ten minutes was made, the president devoted his remarks to the students of Trinity college, who were gathered in force to greet him. A flatcar had been converted into a gaily decorated stand and from this the president spoke.

He was accompanied to the stand by Lieutenant Governor Winston, who officiated at Raleigh owing to the absence of Governor Glenn, caused by the death of his brother, and by United States Senators Simmons and Overman.

A bit of sentiment was responsible for a short stop at Lexington where the president was greeted by several hundred people, to whom he spoke briefly. Lexington is the county seat of Davidson county, the only county in North Carolina that gave president Roosevelt a majority at the last national election. Owing to this fact the president was requested to stop for a few moments.

During Friday the president will pay a visit to Roswell, Ga., the home of his mother. From there he will go to Atlanta, where most of the day will be spent. Mrs. Roosevelt will leave him when the capital of Georgia is reached and return to Washington.

SUPPORTED BY FRANCE.

Acts of Her Representative at Caracas Approved.

Washington, Oct. 20.—That France intends to stand by her representative at Caracas, M. Taigny, was reiterated Thursday by M. Jusserand, the French ambassador, who in reply to a question declared that M. Taigny had the support of his government, which approves all of his acts at Caracas.

Venezuela was the subject of a short conference Thursday between Secretary Root and M. Jusserand. The Venezuelan charge also talked with the secretary for a few moments. There is, however, no change in the situation as a result of these conferences.

## UNKNOWN TO DIRECTORS.

Manner in Which a Pittsburg Bank Was Conducted.

Pittsburg, Oct. 20.—Investigation into the condition of the Enterprise National bank, which was closed by the comptroller of the currency Wednesday, shows beyond doubt that the institution was conducted in a manner entirely unknown to the directors. From a representative of the bank it is learned that since the investigation started papers have been brought to the attention of the directors which they never saw before. Among these papers are two notes bearing the name of W. H. Andrews, who Thursday stated positively that he had no paper in the bank. Bank Examiner Cunningham, who is in charge of the institution, would say nothing concerning this statement, but the source of the information is thoroughly reliable.

The statement made Thursday by the officials of the Santa Fe Central railway and the Pennsylvania Development company, on behalf of which the dead cashier is said to have negotiated bonds, would seem to lay all the blame on Clark, who so far as known left no explanation of the bank's relations with the two companies.

Supplementary statements by signers of the statement and their attorneys show that they take the position that Mr. Clark was the fiscal agent of their companies and that as such it was his duty to look after funds and raise money when necessary. The directors speak hopefully of restoring the bank to solvency and resuming business in a month or six weeks. They also express the hope that Mr. Clark's estate will amount to some \$500,000 or \$600,000.

The amount of the state money supposed to be in the bank will probably reach \$752,000, but the exact amount will not be known for some days yet.

The state Thursday entered a judgment against the bank directors on their individual bonds to secure its deposit. These securities can be collected at once.

## BANKER IS INDICTED

CHARGED WITH EMBEZZLEMENT AND ALSO WITH MISAPPROPRIATING FUNDS.

Louisville, Ky., Oct. 20.—W. B. Smith, former president of the Western National bank of this city, was indicted Thursday by the federal grand jury on ten counts, charging him with embezzlement, making false entries and the misappropriation of funds of the bank. The total defalcation charged in the indictments is \$198,012, divided as follows: False entries, \$135,906; misappropriation, \$12,047; embezzlement, \$50,000.

The first count in the indictment charges that on May 1, 1905, Smith caused a false entry for \$10,000 in favor of the Citizens' bank of Louisville, Ky., to be entered in the general blotter of the Western National bank. On the same day Smith is charged with making two false entries in favor of George C. Wallace of Paducah. One of these entries is for \$39,566 and the other is for \$10,000. The fourth charge recites that on May 20, Smith made a false entry in favor of himself. The fifth count charges that on June 12 Smith debited the account of the White Oak Cannel Coal company \$35,000, this sum purporting to have been paid by the direction of the Queen City Savings Bank and Trust company of Cincinnati.

The sixth count charges Smith with having made a false entry for \$35,000 in favor of the Continental National bank of Chicago on June 13. The seventh, eighth and ninth counts charge misappropriation of the funds of the Western National bank by small notes made and endorsed by F. P. Toof and F. C. Garett, it being alleged that Toof was insolvent at the time.

The tenth and last count of the indictment charges that on July 8, while president of the Western National bank, Smith embezzled \$50,000 of the bank's money.

Smith is believed to be in Porto Rico.

## GIRL HID THE NECKLACE.

Her Caution Resulted in False Alarm of Robbery.

New York, Oct. 20.—A girl's caution in hiding a piece of jewelry over night resulted in alarm Thursday that necklace worth several thousand dollars had been stolen. Until the girl herself arrived to reveal the missing jewelry's hiding place, William Scheer's manufacturing jewelry establishment at 542 Fifth avenue was closed to everyone except detectives and employees, the latter being positively forbidden to leave the place. The girl, who works as a polisher, appeared at work late and said that not having finished burnishing the jewelry before the safe was closed at night she had hidden it. Baffled detectives and the force of employees were led by the girl to the place where she worked last night. There the jewelry was found concealed.

## DECLINES TO RESIGN

PRESIDENT M'CURDY OF THE MUTUAL LIFE SAYS HE WILL NOT RETIRE.

NO ACTION WILL BE TAKEN

DISTRICT ATTORNEY'S OFFICE DECIDES TO DROP THE PLUNKITT MATTER.

New York, Oct. 20.—Richard A. McCurdy, president of the Mutual Life Insurance company, made the statement Thursday that he had no intention of resigning, that he was elected to serve until June 7, and that nothing can or will drive him out.

It was also announced from the district attorney's office that no action will be taken regarding the George J. Plunkitt matter that was turned over to the legislative committee that is investigating the insurance companies.

Closing one of the most sensational and strenuous weeks of the insurance investigation the committee just before adjournment Thursday concluded the examination of Richard A. McCurdy, with the exception of a few details he is to supply next week.

Mr. McCurdy has been on the stand the greater part of the three days of this week's session and some of his testimony has been the most startling of any that has been adduced before the committee. His testimony Thursday, however, was very much of a technical nature, though it was of much value to the committee in its work. When he resumed the stand in the morning it was to take up his testimony as to the Mutual Life's connection with trust companies that was interrupted by adjournment Wednesday. The information furnished by Mr. McCurdy disclosed that the trust companies with which the Mutual Life was connected became very prosperous soon after they were taken up by the Mutual Life.

Two cases in point were the Morris-town Trust company at Morristown, N. J., where the McCurdy family live, and the United States Mortgage and Trust company. The former is now controlled by the Mutual Life and Mr. McCurdy testified that besides being a director of this trust company, he is a large stockholder and would take more stock if he could get it.

Big Balance With Trust Company. The Mutual Life keeps a balance of not less than \$200,000 with this company, on which it draws from 2 to 3 per cent. The latter rate has been paid only since Sept. 1. Mr. McCurdy

did not know the holdings of the other members of his family in this company.

In the syndicate operations Mr. McCurdy said he participated, not with the idea of drawing bonds, but to obtain his share of the commission allowed by bankers.

Mr. McCurdy was asked what life insurance he carried and he was unable to say at once, but James M. Beck, his counsel, presented a statement showing when the policies were taken out, for what amounts, and the plan. These aggregated \$200,000, all in the Mutual. McCurdy testified that he was also insured in the Equitable, the Washington and the Connecticut Mutual.

Before he left the stand Mr. McCurdy said he paid \$4,500 for his apartment in the Grosvenor building, which is owned by the Mutual.

When Mr. McCurdy was excused his son, Robert H. McCurdy, was called to explain some charges for traveling expenses in 1904. He said one of his duties as general manager was to visit

the agencies about the country. Three such trips were made, the expense of which aggregated about \$3,000. Mr. McCurdy said that while on one trip, he was accompanied by his father, mother, wife and the latter's maid, but that the expense accounts were for himself individually, and did not include those of any other member of his family or party. He had a private car on one of these trips. He could not tell why the expenses on these trips were so large, but said he would furnish the details later.

Dr. Wheeler Located.

Minneapolis, Oct. 20.—Dr. Willard Wheeler, who has been vainly sought by the Minneapolis police since Tuesday, when the dead body of Mrs. Minnie Kosander was found at his private hospital, has been seen at Winthrop, according to information submitted to the county attorney and police Thursday. Every effort is now being made to have him arrested.

**INTERESTING COMMUNICATION**  
Received by Miss Ella Robinson From Mrs. R. F. Walters Who With Her Husband Are Living in Tacoma  
The following are a few excerpts from a letter written by Mrs. R. F. Walters from Tacoma, Wash., to Miss Ella Robinson of this city:  
"Dear friends:—  
"This letter although addressed to one may be of interest to you all. You certainly should have had word from us long ago, especially because of your kindly wishes for us at our departure from Brainerd.  
"Since that time we certainly have been wanderers and we are still far from being settled. So far we are liking the climate on the coast very much, even though it does rain occasionally. Today, it is clear and sunny, pleasantly cool, and by old-timers is called a typical pleasant winter day. We have been having rain lately, which has served to freshen the grass, wash off all vegetation and also enliven business. Everyone seems to be busy here, making the dollars in any way they can.  
"Mr. Walters is at work for Fisher, the shoeman, and we are occupying two house keeping rooms near the center of the city. We are thus covering our expenses and at the same time, trying to look about us and learn what we can of conditions and prospects. That we will locate in Tacoma is a decided uncertainty, although, it bids fair to be a great city.  
"The Tacoma Eastern and the Chicago-Milwaukee roads have just completed extensive deals for tide lands, and J. J. Hill has intimated that there is something more in prospect. New industries are springing into life, averaging about two a month we are told. The harbor here is unquestionably remarkably good. For commencement bay here was unruffled, while ships had much difficulty at the mouth of the Columbia and at San Francisco during the recent stormy weather. It is also reported that the Minnesota and Dakota will be obliged to load at Tacoma rather than at Seattle. All these things help to make us believe that it is the City of Destiny, although we are not Tacoma boosters or knockers.  
"This letter was not finished yesterday so it must be 'continued in our next.' It is beautiful weather, better could not be wished for. Mr. Walters is off work today, looking after a few matters of business that need attention. It is quite possible that we'll be wicked Sunday and take a trip by boat to Fox Island, reputed to be a coming 'Garden of Eden', or something similar.  
"Just what our final decision will be about this country we ourselves do not know. We may yet return to Brainerd to remain for the rest of our natural lives, although so far, we like the coast climate better than Minnesota heat and cold. Confinement at store work is not good for Mr. Walters in east or west.  
"But I have not told you of our trip out and some of the interesting experiences we have had. We had talked of stopping at Omaha after leaving Minneapolis but only waited long enough to change cars, and then stopped at Denver. That city, credited with being a sunny place, was visited with 'unusual' rain during our two days there—(by the way, 'unusual' is a very usual word out here, we find.) Of course we looked about the city some, and saw the beautiful Capitol which has the proud distinction of having sheltered three governors in one day.  
"One of the days was spent in making the trip over the wonderful Georgetown loop up to Silver Plume, 2187 feet above the sea level."

**THE 1000 CARS WILL BE BUILT**  
At the Northern Pacific Shops in This City During the Winter Months  
**WILL DO FORGING FOR OTHERS**  
Prospects are Bright For an Un-usual Winter at the Shops Here This Season  
A few days ago THE DISPATCH referred to the rumor which was afloat that the Northern Pacific would build 1000 stock cars at the shops in this city this winter. It is no longer a myth but an actual fact. The order has been received and the cars will be built. This is joyous news to the people of Brainerd. With this order also comes the information that the company will also do the forging in this city for the cars to be built at South Tacoma which will mean a lot of extra work.  
The company will build 10,000 cars the coming year and it is not unlikely that the Brainerd shops will turn out the bulk of these.

**VALUABLE JEWELS STOLEN.**  
Two New Yorkers Arrested in Connection With the Theft.

New York, Oct. 20.—Mrs. G. W. Hoadley, wife of the manager of the International Power company and president of the American Bridge company, was robbed of \$10,000 in diamonds at her home in the Buckingham hotel late Tuesday night. The fact became known with the arrest Thursday of John Yorke, a waiter, and Albert Schultze, formerly a bell boy at the hotel. Schultze gave up his position or was dismissed a week ago. The detectives claim to have learned that since he left the hotel he has been hanging about the house in disguise. On the strength of this report he was arrested and Yorke, with whom he lived, likewise was taken into custody as a "suspicious person." Both suspects deny the charge.

The detectives say that Schultze was arrested on Feb. 19 last with two other bell boys on charges of stealing jewelry from guests. The others were convicted, but Schultze was released for lack of evidence.

Foley's Honey and Tar contains no opiates, and will not constipate like nearly all other cough medicines. Refuse substitutes. H. P. Dunn & Co. mwfwm

**Notice**  
For convenience of members of Brainerd Mining and Smelting company who wish to see me, I have decided to be at the following places in the afternoon and evening:

Two New Yorkers Arrested in Connection With the Theft.

New York, Oct. 20.—Mrs. G. W. Hoadley, wife of the manager of the International Power company and president of the American Bridge company, was robbed of \$10,000 in diamonds at her home in the Buckingham hotel late Tuesday night. The fact became known with the arrest Thursday of John Yorke, a waiter, and Albert Schultze, formerly a bell boy at the hotel. Schultze gave up his position or was dismissed a week ago. The detectives claim to have learned that since he left the hotel he has been hanging about the house in disguise. On the strength of this report he was arrested and Yorke, with whom he lived, likewise was taken into custody as a "suspicious person." Both suspects deny the charge.

The detectives say that Schultze was arrested on Feb. 19 last with two other bell boys on charges of stealing jewelry from guests. The others were convicted, but Schultze was released for lack of evidence.

# SENTIMENTS WITH THE RIGHT RING

Meeting of Business and Professional Men and Others Held Last Night

## DISCUSS IMPORTANT MATTERS

The Theme of Discussion was the Opening Up of the Stores in The Evening

There was a representative meeting of the business men and merchants of the city last night in the Commercial Club rooms. There were those who had received intimations as to what the object of the meeting was, but most of those who assembled were in the dark. The meeting turned out to be a good opening for the exchange of opinions on matters of vital interest to the city, with added suggestions as to the remedy for existing evils and a general discussion of all those things which tend to promote the best that goes to make up a good live city.

The general expression was that the business men of the city were to blame largely for the rather unpleasant advertising that the city has had this summer, but even under the conditions as now existing those who were present last night were decidedly on the other side of the fence and pointed out where Brainerd was not any worse off than a lot of other cities in the northwest and was not as bad as some of them.

Under the head of the good of the town the general themes discussed were the matters of opening the stores evenings and devising some plan to throttle the "catalogue house" business. The questions were discussed for several hours and gone into pro and con, but it was finally decided that the question of opening the stores evenings should be left to the merchants themselves and a motion prevailed to this effect.

From the information gleaned last night the "catalogue house" business in Brainerd has grown to be quite a monster and it is going to take some effort to eradicate the wrong, for it is certainly a wrong when it is known that in the case of one large supply house alone a shopman was given a \$5 case note to distribute 50 catalogues among his fellow employees at the shops.

During the course of discussion other matters of importance to the commercial interests of the city were touched upon. It was one of the most interesting meetings in this direction that has ever been held, for it was a sort of heart to heart talk, and suffice to say that there were never more loyal men to their town than those who gathered last night.

The discussion of the catalogue business, the opening of the stores, taxes, etc., etc., was not the only thing touched upon either. There was one little matter that came up that was given a quietus by Mayor Con O'Brien and when it fell the dull sickening thud could have been heard at International Falls. A suggestion that Brainerd be "opened up" that there was not "sport" enough in Brainerd to get men to come here and spend money brought Mayor O'Brien to his feet and he declared in emphatic tones that as long as he was mayor of the city there would be no more wide open policy than there is at the present time. It was during the remarks of Jule C. Jamieson that this gentleman among other things referred to this matter. Mayor O'Brien expressed it as his belief that so far as the saloon business was concerned that he thought the man behind the bar was just as good as the man in front of the bar, but there should be limitations even in the saloon business and he would see to it that during his reign of office that there would be no "opening up" process, and if this kind of a policy is pursued then he would resign. "Furthermore," declared

ed the mayor in an emphatic manner. "I want to state to this body of gentlemen here that I had not been mayor two weeks when I was offered \$150 a month if I would allow things to open up, but I am not built that way and do not have to get money that way." There was no more said about "wide open" business.

R. R. Wise was selected chairman of the meeting and E. C. Griffith secretary. Chairman Wise called on M. K. Swartz to explain the object of the meeting. Mr. Swartz stated that the meeting was called to discuss matters of interest to the city. "All the merchants," he said "certainly want to do something to better conditions. One thing that has been suggested is to improve the appearance of the city at night. People say our town is deserted, and the question of opening the stores evenings has been suggested as a befitting one to discuss here. I have also made a study of the catalogue business done here and am thoroughly convinced that if the stores were opened evenings that much of this business would be stopped."

Mr. Wise stated that he was at Northome a short time ago and actually the town looked livelier at night than it does in Brainerd, and he thought that the stores should be opened up.

C. C. Kyle who was present was asked about the conditions at the shops. He stated that the prospects for the winter were very bright. The order for the building of 1,000 stock cars at the shops had already been received and Mr. Kyle stated that the N. P. shops here would also do the forging for the cars to be built at South Tacoma.

H. W. Linnemann in speaking of the question of opening the stores stated that he was willing to try it, but it was a question whether it would pay. E. C. Bane thought it might be tried and was willing if the merchants so decided among themselves.

Mayor O'Brien stated that it might help appearances some to have the stores opened and suggested that they try it for four nights in the week, closing on Tuesdays and Fridays. Mr. O'Brien did not think it would help his business much.

A. L. Hoffman did not think it would help business any to keep open.

John Carlson said if there was anything to be gained by it he was willing to open up, but he did not believe that the extra trade would cover the expense.

J. T. Frater thought that closing the stores at 6:30 o'clock was a decided hardship to the farmers in particular.

G. D. LaBar was rather of the opinion that a great deal could be done in the matter of making displays in the windows and showing the people what was to be offered. Speaking of business generally Mr. LaBar stated that so far as conditions here were concerned it was not any worse than other places. Brainerd is passing through a shifting period, the lumber industry having virtually been discontinued. Brainerd is passing through what hundreds of other towns have passed through under the same conditions in Northern Wisconsin and other Minnesota towns, but after the transition he thought that things would shape themselves and that Brainerd is yet destined to be one of the best towns in the state. There is a bet- feeling now even than for some time.

H. F. Michael stated that he was sorry to see this movement of opening the stores on. He did not see what could be gained and then he stated that he did not think it was right for him to ask girls to go into his store and work from early morning until 9 o'clock at night. This history of the dry goods business will confirm the statement that most of the buying is done in the day time.

O. Skaug thought it would give the city a better appearance if the stores were open evenings.

M. T. Dunn thought that one of the most vital questions confronting the people was the "catalogue house" business. He has had experience in this matter in the southern part of the state

and gave some valuable information along the line suggested earlier in the evening of organizing a campaign against this business.

A. E. Moberg's sentiments were decidedly in favor of early closing. He could not see where anything would be gained by keeping the stores open nights.

A. J. Halsted suggested that a committee of three be appointed to take the matter up with the merchants themselves; that it was not for the bankers, lawyers, editors, etc., to decide upon this question. Mr. Halsted gave a few excellent remarks on other matters of importance.

M. Mahlum said it would not make any difference in the lumber business, but had often heard many kicks from the farmers that they could not get into the stores in the evenings.

H. I. Cohen thought the majority of the merchants should decide this matter.

J. C. Jamieson dwelt at length on the evil of the "catalogue house" business and then made the frank statement that he was responsible for calling the meeting. He thought that the town should be opened up some and gave his reason why he thought so. It was at this point that Mayor O'Brien took occasion to tell the gentlemen present what his policy would be.

J. W. Koop was not in favor of opening stores in the evening.

C. M. Patek stated he did not think the city would derive any benefit from opening the stores evenings.

J. F. McGinnis was in favor of the matter but he dwelt at length on the importance of the merchants pulling together on questions of importance to themselves.

M. K. Swartz referred slightly to the matter of taxation, but there was no further discussion. He showed by some tax receipts the terrible increase in taxes on his house and lots on Bluff avenue.

A. L. Hoffman thought that the city could afford to rebate taxes on property of industries like the Brainerd Lumber company and was in favor of offering such an inducement to this very concern.

A. E. Moberg thought taxation had done more to hurt the town than any other one thing.

J. M. Elder offered as a suggestion that Brainerd go after some of the smaller industries. These in time would grow, and this is what would make the city.

To minutely give the remarks of all those who spoke would cover pages, but during the evening it was brought out that there are some good things in store for Brainerd and withal the meeting was certainly an interesting one.

The matter of the opening of the stores evenings was referred to the merchants themselves to take what action they saw fit.

Resignation of Exalted Ruler C. D. Johnson, of Local Lodge of Elks May Be Reconsidered

At the meeting of Brainerd lodge, B. P. O. E. last night the resignation of Exalted Ruler C. D. Johnson was received, but a motion prevailed to lay the same on the table until the next meeting. Pressure is being brought on Mr. Johnson and he may decide to hold the office until spring.

There were two candidates initiated last evening and it was a very interesting session.

## The System Lives On Good Rich Blood.

People Who Lack the Proper Quantity and Quality of Blood Fall Victims to Every Disease That's Prevalent.

### DR. A. W. CHASE'S NERVE PILLS

The blood is the medium through which every tissue, every organ is supplied with the material it feeds upon and rebuilds itself with. Take away that nourishment by letting the blood run down in quantity and quality and you take away the power of an organ or tissue to resupply waste or rebuild itself. In other words, the system starves; color, appetite, steadiness, energy, vigor, vitality—are all lost and a condition of mental and physical prostrations sets in. This condition Dr. A. W. Chase's Nerve Pills positively cure by their power to manufacture good, rich, nutritious, oxygen carrying blood, a blood that carries to every organ the very material it lives and thrives upon. Mr. George Horkins of Westinghouse Avenue, Wilmerding, Pa., says:

"I began to use Dr. A. W. Chase's Nerve Pills in Pittsburgh. I was at the time badly run down, weak—nervous—could not eat—could all the time, as my blood was thin, and did not sleep well. The medicine put me in splendid shape rapidly and easily, giving me steady nerves—a fine appetite—restful sleep—a general feeling of energy and vigor and good rich blood that showed in the way my color came back. The medicine is certainly a grand one and I am only too glad to say so." 50 cents a box at dealers or Dr. A. W. Chase Medicine company, Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every package.

## TAKEN TO HOSPITAL.

Mrs. E. Campbell, Ill, Suffering and Helpless, Went There To Die. Her Recovery a Miracle.

Lying helpless in her bed with every joint in her body badly swollen and suffering with Chronic Inflammatory Rheumatism, the agonies of a thousand deaths, Mrs. E. Campbell, of Duluth, Minn., could not move a muscle in her body, and indeed, one might think she were dead. Her friends thought her recovery hopeless and sent her to the hospital to die.

There, under the care of learned doctors and wise, tender nurses, she lingered between life and death. She did not improve. The awful disease and her terrible suffering was slowly but surely sapping away what little strength remained.

Some friend sent her two bottles of the wonderful Cooper Medicines that have been so miraculously curing all kinds of Rheumatism. It required but a few doses of Cooper's New Discovery and two applications of Cooper's Quick Relief to enable her to move her limbs and sit up in bed. She is still using these marvelous discoveries and is improving steadily. Her appetite is good, the swelling reduced, and her strength is fast returning.

Her speedy recovery is certain. Cooper's New Discovery cures Rheumatism, Catarrh, Deafness, Kidney and Stomach Trouble, Blood Diseases and Paralysis, and sells for one dollar per bottle. Cooper's Quick Relief, the assistant remedy, costs fifty cents.

H. P. Dunn & Co. act as Mr. Cooper's special representatives in Brainerd, where the wonderful medicines can be obtained.

## ON OLD STAMPING GROUND

Interesting Communication Received From Col. Freeman Thorpe, Who is Sojourning in Texas

In a letter to THE DISPATCH Col. Freeman Thorpe, who writes from Austin, Texas, refers to his having won out with his portrait of General Edward Burleson, next to Sam Houston, the greatest military hero of Texas and then adds as a bit of interesting information: "On my way down here I passed through Indian Territory over the same ground where forty-three years ago I rode as a cavalry soldier. Then the whole country was wild, peopled with Indians only and mostly wild ones. Now the country is in well cultivated farms, more than half of them owned and worked by Indians, all of whom dress and live like the white man, and from the car window can scarcely be distinguished from them. The whole country is studded with

towns that look exactly like Iowa and Illinois towns. It is the most remarkable transformation I have seen anywhere in the United States. Probably it struck me more forcibly from having ridden, camped, bivouacked and skirmished all over that country from Fort Scott, Kan., down to Tallegua, the capital."

### "UMPIRE STATE" STOVES FOR WOOD

#### OUR CLAIMS FOR SUPERIORITY

Of these stoves over all others are based upon the following exclusively new features:

FIRST—Only Tamala air-tight that does not smoke and spit flames when top feed is opened, or puff, roar and explode while in operation.

SECOND—Jointless, corrugated, all cast iron bottom, having a pit of 6 inches deep, in which the fuel burns without any possibility of leakage.

THIRD—Perfect draft regulation and adjustment by means of our patent screw register in the oval air tight fitted ash door in the pit. The opening for this door is arranged so as to permit the easy and cleanly removal of the ashes, and avoid dust when door is open.

FOURTH—Mounted with lasting and heavy corrugated sheet steel of the highest quality.

FIFTH—Heat deflecting rings surrounding entire stove, and producing wonderful floor heating.

SIXTH—Cast-iron main top with two cooking holes in 24 and 28, and a supplementary swinging feed-top in 18 and 22.

SEVENTH—Check register in pipe collar.

EIGHTH—Handsomely nickel-plated foot rails, urn and nickel panel, knobs, screw register, and nickel swing top.

NINTH—Has cast-iron front, fitted with a circular 12 inch door for feeding.

TENTH—Pipe collars made to receive inverted stove pipe, to avoid exterior leakage of creosote, which is inevitable in a thoroughly airtight stove.

# ANNA HELD

Cigar—5 Cents

A "star" smoke at a "matinee" price. Good company for the man who usually smokes three-for-a-quarter. The making of "Anna Held" Cigars starts with the growing of the tobacco. Experts know the quality required and how to secure it—not for one lot of cigars but for millions. The several varieties of leaf necessary to produce a smooth, well-balanced smoke undergo delicate, complex and vital processes—hitherto unknown—of **fermenting and blending**. These processes extract all the original greenness and rankness and develop a rich, even, full-flavored, **blended** smoke.

Tested in any way you like—flavor, fragrance, evenness, workmanship—the "Anna Held" is a remarkable product of a remarkable system. A genuine three-for-a-quarter cigar for 5 cents.

Sold by all dealers in good cigars.

## STOMACH CURE

An Easy Way from Standpoint of Convenience—  
Guaranteed by H. P. Dunn & Co.

The so-called cures for indigestion are almost as numerous as the victims themselves, and scarcely a day passes without the hopes of thousands of sufferers being raised by the discovery of some novel method of cure for this prevalent disease.

Until a combination of unusual remedies, heretofore but little known in this country, was made in Mi-o-na tablets, no certain cure for indigestion had been found, and it is therefore hardly to be wondered at that H. P. Dunn & Co., who have the Brainerd agency for Mi-o-na, are selling large quantities.

Mi-o-na is a guaranteed cure for all diseases of the stomach excepting cancer. ## BURNED THE MONEY

MAN WHO STOLE ONE HUNDRED THOUSAND DOLLARS DESTROYED PART OF IT.

BILLS WERE TOO DANGEROUS

ABOUT EIGHTY THOUSAND DOLLARS OF STOLEN FUNDS ARE RECOVERED.

Bridgeport, Conn., Oct. 20.—Edward George Cunliffe, who was arrested here Thursday on the charge of stealing \$101,000 from the Adams Express company in Pittsburgh, Oct. 9, will be taken to New York during the morning by detectives. About midnight David C. Thornhill of the New York detective agency, who assisted in the arrest of Cunliffe, had a talk with the prisoner in his cell and told him that \$80,000 had been recovered at the home of his brother-in-law in Bristol and pressed him to tell where the missing \$20,000 was hidden. Cunliffe finally said: "You'll never get it. I have destroyed it."

Detective Thornhill at first doubted Cunliffe's story, but the prisoner stuck to it, saying that he had burned the money in his room in the hotel where he stopped here. He said that he was afraid that the bills would give him away, as they were of large denomination, and practically marked, as they were notes of the Allegheny National bank in Pittsburgh, and that everybody was looking for them. Cunliffe said that rather than carry them around he burned them.

If this statement is true, and the detectives think it is, the total amount of money stolen is accounted for.

Cunliffe said he was sorry he stole the money; that he was tempted and fell.

The robbery for which Cunliffe was wanted in Pittsburgh was committed on the night of Oct. 9. The prisoner says that he went directly to New York after the robbery and that he came to Bridgeport last Tuesday. He declined to say whether he had spent all his time previous to Tuesday in New York. In Bridgeport Cunliffe has been living at a hotel of an inferior class in the lower part of the city. The fact that a man answering the description of Cunliffe was staying at the hotel became known early in the day when the arrival of the Pinkerton detectives led the Bridgeport police to make a close search for the fugitive. With the aid of a picture of Cunliffe Detective Edward Cronin of the Bridgeport force learned that Cunliffe had a room at this hotel, but when detectives went to the room it was empty. An officer was stationed in the room to await the return of the guest, but before that happened Detective Thornhill saw and recognized Cunliffe on Middle street and the arrest followed. The description sent out of Cunliffe fits him very closely and his picture is regarded an excellent likeness. Cunliffe is thirty-seven years old.

### PART OF MONEY RECOVERED.

Nearly Eighty Thousand Dollars of Stolen Funds Located.

Bristol, Conn., Oct. 20.—Nearly \$80,000 of the money stolen by George Edward Cunliffe Oct. 9 from the Adams Express company in Pittsburgh was recovered Thursday night at the home of Joseph W. Boardman, Cunliffe's brother-in-law. For just a week the fortune had lain in an old suit case unknown to Boardman, who was holding the valise expecting its owner would call for it any day. The exact sum found was \$79,953.55.

As the result of the statement made by Cunliffe in Bridgeport that he had sent \$85,000 of the plunder to his brother-in-law, Boardman, in Bristol, a press representative called at the Boardman house at night.

Boardman, who is the agent here for the Electric Express company of Hartford, said that on Oct. 12 a dress suit case came to his house from Bridgeport and as there was no name on it, he had not opened it. His wife signed for the case and Boardman placed it in a closet, thinking it was sent to him as an agent of an express company to be called for later. Chief Meims and Captain Belden of the police force were then sent for and in their presence the case was torn open. Huge bundles of money in the shape of bills tumbled out. Superintendent J. C. Curtis of the Adams Express company's New England agency took the money to Hartford.

### PRIVATE CAR LINE INQUIRY.

Several Traffic Managers of Southeastern Roads Testify.

Washington, Oct. 20.—Several traffic managers of Southeastern railroads testified before the interstate commerce commission Thursday in the private car line inquiry concerning the manner of handling fruit and perishable products in their territory. Most of them said they have entered into arrangements with private car lines by which the latter engage to take the responsibility for the handling of the fruit, the railroads acting as agents only in the matter of transportation. A. Allis, an ice manufacturer of Augusta, Ga., submitted a contract his company has to supply the Armour car lines with ice and gave many details concerning the arrangement with the private car line. It is expected the hearing will soon be concluded.

Danish Court Willing to Let Prince Charles Become King of Norway.

Copenhagen, Oct. 20.—An important dispatch has been received from the Norwegian premier, M. Michelsen, at Christiania, notifying the Danish court that a full agreement had been reached by the members of the Norwegian government on the advisability of a prompt settlement of the throne question by a resolution of the storting. The Danish ministerial council was immediately summoned, the ministers sat for two hours and it was announced later that the Danish court was ready to abandon the idea of a plebiscite and that Prince Charles of Denmark was willing to accept the crown of Norway when elected by a majority of the storting.
